No. M-12014/8/2006-NREGA (Part)
Government of India
Ministry of Rural Development
(Mahatma Gandhi NREGA Division)

Krishi Bhawan, New Delhi
Dated the 4th March, 2010

To

The Principal Secretary/Secretary
(Rural Development)
All States/UTs

Dear Sir/Madam,

With a view to infusing transparency and enhancing the integrity of wage payment under Mahatma Gandhi NREGA, and also to encourage savings among the rural poor, Schedule II of Mahatma Gandhi NREGA Act has been amended to make wage disbursement to Mahatma Gandhi NREGA workers through institutional accounts in Banks or Post Offices a statutory requirement. Accordingly, as of now 8.60 crore Mahatma Gandhi NREGA workers accounts have been opened in the Banks and Post Offices. About 82% of wages i.e. nearly about Rs. 16959.14 crores of wages have been disbursed through these accounts up to December, 2009 constituting 70 per cent of the total expenditure under Mahatma Gandhi NREGA.

2. The pace of financial inclusion under Mahatma Gandhi NREGA has surpassed the pace of institutional outreach of Banks and Post Offices as well as their current capacity to manage such a large number of accounts. This has led to delay in wage disbursements which legally entails payment of compensation. It is imperative therefore that the twin legal mandates of wage payments within the stipulated 15 days as well as of wage disbursement through institutional accounts be scrupulously adhered to.

3. To strengthen the institutional outreach for Mahatma Gandhi NREGA wage disbursement the option of the Business Correspondence model has been under discussion for some time. While this model holds potential for reaching out to Mahatma Gandhi NREGA workers in yet un-reached areas, the service charge of 2% sought by the Banks for appointing business correspondents has discouraged State Governments from using the model.

4. As a result of several discussions, it has emerged if a Bank takes the initiative, it would be possible for it to absorb the business correspondent service costs within the float available from the volume of funds placed with it.

5. Accordingly, States may identify unserved areas where the BC model may be required and discuss with banks the possibility of extending the BC model in these areas. The possibility of using Self Help Groups in this may also be examined.

6. To ensure that there are no backlogs in wage disbursements the DPCs will ensure that the Gram Rozgar Diwas will be held compulsorily every month on a pre-announced date at the Gram Panchayat level in which all the Mahatma Gandhi NREGA workers will be called and all issues pertaining to wage payments will be resolved. For this purpose, the District Programme Coordinator will deploy the administrative resource available in the district like the Revenue personnel for monitoring timely payments. This system of monthly verification for the wage payment will be compulsory implemented through out the State.

7. Any delay in wage payments by any agencies/ persons or any unfair means in wage payment which deprives the workers of their due wage amount will be punishable under Section 25 of the Act. The District Programme Coordinator will be responsible for invoking this section to ensure that the DPC/s function under Section 14 (2) of the Act is properly discharged. Appropriate compensation will be payable to NREGA workers in case wages are paid beyond 15 days of work done. The institutional agency responsible for delay in wage payment to administrative machinery or the financial institution whichever the case may be, will be responsible for paying the compensation.

Yours sincerely,

(AMITA SHARMA)
Joint Secretary
